REGULATING THE SPEED OF TRAINS.

We have no way of knowing just how far those who proposed a strict enforcement of the law regulating the speed of trains in the city of Maysville looked into the matter before proposing same at the meeting of the City Council last Monday night, but we are quite certain if they had thought the matter over carefully they would have seen the impracticability of making trains run at the rate of six miles an hour through this city. If the law must be enforced, there is certainly something radically wrong with it and it should be changed.

Under the present law, if enforced, it takes a train about forty minutes to run through the city, or the same length of time that a fast walker could cover the same distance. This is not an unjust to the railroad company but to the traveling public in general. Besides it is an invitation to small boys to steal as many free rides as they wish to and to coal heavers to replenish their bins at leisure.

One of the main points to be considered, however, is what the consequences will be in case of a fire on the other side of the railroad and the fire fighting apparatus having to wait on a long freight train to pass, sometimes from eleven to fifteen minutes. It is needless to say what could happen in the meantime.

Right is right, and wrong is wrong; it is therefore, up to the members of the City Council to enact a law that will be equitable, giving both the city and the railroad a chance to do what is right. "A hint to the wise is sufficient."

There must be a good reason for this. It is because alum was found to be unhealthful.

We pay as high as two dollars an ounce for our fancy varieties, but you do not wish that kind for outside planting; we have an ORCHID FLOWERING mixture that we can sell you at 25 cents per ounce.

We also have the GRANDIFLORA varieties in separate colors if you wish them, and sell them at 15 cents per ounce.

The GRANDIFLORA MIXTURE is the best one for outside planting, as they do not grow too tall and bloom much better than any other variety.

Ten years ago a friend told me to try Theodore's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught. Theodore's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people. Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day. N. C. 122

RECORD OF THE PAST

No Stronger Evidence Can Be Had In Maysville

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

Mrs. John Burns, Maysville, says: "I was subject to severe spells of backache and kidney trouble. They came on every three or six months and at times I was confined to bed and almost helpless. I used Doan's Kidney Pills and they gave me quick benefit. Since then when I have noticed slight return attacks of backache, I have used Doan's Kidney Pills and they have never failed to quickly check the trouble."

OVER SEVEN YEARS LATER Mrs. Burns said: "The statement I gave before praising Doan's Kidney Pills still holds good. I know that this medicine acts as represented."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Why pay Tire Bills for Others— —i. e., for RECKLESS Drivers

AMERICANS who want their money's worth,—who dislike to pay for the Reckless-driving extravagance of Others,—in the price of their own Tires, should sit up and take notice of following FACTS:—

The current Goodrich "Fair-List" price on Tires, is based upon what it costs the largest, and best equipped, Rubber Factory in America to produce them.

No "Insurance" Premium added to the NORMAL retail price of Goodrich Tires, in order to protect the Reckless Driver at the expense of the Careful Driver, through a fancy List Price which is high enough to absorb that Premium.

The excess Mileage each Goodrich Tire is reasonably certain to deliver, when given reasonable care in driving, thus becomes clear "Velvet" to the Owner of GOODRICH Tires.

Money can't make, and can't buy, better Tires of fabric construction, than Goodrich Safety-Tread Tires, as Test will prove.

And, money can't buy the B. F. Goodrich Co. to produce Tires which would discredit the 289 other lines of Rubber Goods made by the B. F. Goodrich Co., for which its name stands Sponsor.

COMPARE prices on Goodrich "Fair-List" Tires with present prices on any other responsible Tires in the field, bearing in mind that NO "LARGER-SIZED" Tires (type for type and size for size) than Goodrich Black-Treads, are made in America.

Then, Test out at least ONE pair of Goodrich black-tread Tires, on their per-DELIVERED-Mile cost to you, against any other Tires in the field, at any price, and—abide by the Result.

Why (if YOU are not a Reckless Driver) should YOU pay MORE than the "BUSINESS" price of the Goodrich Tire, for ANY Fabric Tire in the field?

Get a sliver of the new Goodrich "Barefoot" Rubber from your nearest Goodrich Dealer or Branch.

CAESARIAN OPERATION AT HAYS WOOD HOSPITAL.

(Augusta Chronicle.)

Brief mention was made in these columns last week that Mrs. George Tolman of Gertrude, was taken to the Maysville hospital on Wednesday afternoon of last week in a very dangerous condition. The Caesarian operation was performed, a little daughter being born, and we are pleased to report that both mother and child are now doing nicely, although for a time there was not much hope held out for the recovery of Mrs. Tolman.

NO CIGARETTES.

Cigarettes must be "cut out" by students who aspire to play on any of the teams of the Lexington school baseball teams this season, according to the new rules just adopted by the league managers. The new rules are not only emphatic in regard to barring the little "nerve destroyers," but in order to play in any of the teams of the league, the boys will have to come up to a required standard in studies and deportment.

YEWELL MEETING.

The officers of the Christian church in their meeting Friday night decided that the revival services which will be conducted in this city by Dr. Herbert Yewell and his singer, Earle Yearley, would begin in the church on April 30, and then after a week if weather permitted, the service would be held in the tabernacle as was done three years ago. Fuller announcements will be made later.

MASTER J. BARBOUR RUSSELL'S BIRTHDAY-PARTY.

Fifty-two youngsters, most of them classmates of J. Barbour Russell, Jr., enjoyed the hospitality of their young host Friday morning when they witnessed the showing of Marguerite Clark in "Seven Sisters" at the Washington theater, the occasion being the ninth birthday anniversary of Master Barbour. Before starting to the show, each of the young folks was presented with a red carnation. They were then escorted to the theater by the following chaperones: Mr. and Mrs. W. W. Hall, Jr., Mr. and Mrs. J. W. Elgin, Mrs. S. P. Browning, Mrs. Joe Perrie, Messrs. Joe Newell, M. M. Gary and J. T. Kackley. After the show was over each of the children was presented with a package of chewing gum and all went away happy, wishing J. Barbour many happy returns of the day.

RUNAWAY TEAM CAUSES EXCITEMENT.

A team of horses belonging to H. A. Staley & Son, produce merchants, of Myers, Lewis county, attached to a light wagon, caused a little excitement on East Third street Friday morning when it ran away. The driver had left the team standing in front of the postoffice while he was transacting business on the inside. The horses became frightened at a passing automobile and made a wild dash down the street, stopping when the wagon struck the auto delivery truck of M. C. Russell Company, standing in front of their store at the corner of Third and Market streets. A wheel on the produce wagon was slightly bent and the front axle on the auto suffered a like mishap. No one was injured.

If you are thinking of buying a car this spring or summer it will pay you to read their ad or to ask for a demonstration.
